CROW'S NURSERIES

MAX J. CROW & SON, Proprietors

Gilroy, Calif., Jan. 22, 1923

TRADE LIST

For Nurserymen, Florists and Dealers Only

PRICES are NET, subject to change without notice. PACKING ADDITIONAL.

TERMS NINETY DAYS from date of invoice to firms of known responsibility, but in any case all Trade accounts are due and payable on or before June 1st. after shipment. Firms unknown to us will please remit cash.

UNLESS OTHERWISE SPECIFIED trees and plants will be dug with bare roots from open ground. Balled plants and those growing in pots are so specified. Potted plants will be removed from the earthenware pots and the balls wrapped in burlap before shipment; this saves much freight and the customary breakage and damage from shipping in earthenware pots.

ALL SHIPMENTS TRAVEL AT PURCHASERS' RISK; we will not be responsible for any loss or damage that may result from negligence or carelessness on the part of forwarders or of horticultural inspectors.

CLAIMS for errors, shortages, condition or quality of stock MUST be made immediately upon its receipt; otherwise they will receive no attention.
